

april is SEXUAL ASSAULT AWARENESS month

April 2021 marks the 20th anniversary of Sexual Assault Awareness Month (SAAM). SAAM is about both awareness and prevention of sexual assault, harassment, and abuse. Looking at the history of the movement to end sexual violence, it's impossible to prevent an issue no one knows about, and it's difficult to make people aware of a problem without providing a solution. The two work in tandem, and they always have. From the civil rights movement to the founding of the first rape crisis centers to national legislation and beyond, the roots of SAAM run deep.
